

Homework 1

Part I (Reading): Example 1.3(A), 1.3(C), 1.5(C), 1.5(F), 1.6(B) and 1.7(A)

Part II (Textbook Chapter 1): 1.1, 1.2, 1.3, 1.8, 1.9, 1.12, 1.30, 1.31

Part III (Some problems in Chapter 1 with solutions given in the end of textbook): 1.5, 1.6, 1.22, 1.37

Requirement: You are required to submit **only Part II**. However, you are strongly encouraged to also do Part I and III although they are not required for submission. I believe that you would definitely benefit from them. For example, some techniques can be learned from Part I to solve some problems in Part II.
